

Groundfish Seminars will be held virtually using Webex:

Meeting number: 2823 388 2637 **Meeting Password:** gfish24

Or by phone: 1-415-527-5035

2024 Groundfish Seminar Series

Tuesdays | 10am PST

Oct 8 **Kelly Martin** NOAA Flower Garden Banks Marine Sanctuary
Mesophotic and deep benthic community restoration in the Gulf of Mexico following the Deepwater Horizon oil spill

Oct 15 **Alicia Godersky** FOCI, AFSC
Nearshore fishes of Puget Sound: an investigation of early life history, habitat, and ecology

Oct 22 **Tom Near** Yale University
Insights into allopatric speciation in North American freshwater fishes

Oct 29 **Rebecca Howard** GAP, AFSC
The influence of size, life history, and climate on distributions of juvenile California Current fish species

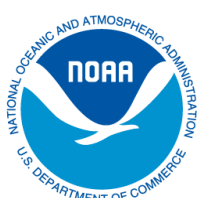

Nov 5 **Mallarie Yeager** Alaska Regional Office
The role of larval connectivity on spatial fisheries management

Nov 19 **David Shiffman**
Why everything you know about shark conservation is wrong: an interdisciplinary analysis of the causes and consequences of environmental misinformation

Dec 3 **Madison Shipley** UW SAFS
Exploding crab research – expanding disaster relief research capacity

Dec 10 **Jenny Bigman** OST, AFSC
Bridging macroecology and fisheries science to understand how fish will fare in a changing climate

Dec 17 **Laura Spencer** RACE, AFSC
Molecular indicators of warming and other climate stressors in Pacific cod early life stages

NOAA National Marine Fisheries Service
FISHERIES Alaska Fisheries Science Center
