Subject: Atlantic Shores Lease Area 0541 Protected Species IHA Closure Report

Good Afternoon,

Atlantic Shores Offshore Wind Bight, LLC is filing this PSO report in compliance with the modified closure of an Incidental Harassment Authorization that was valid from August 10, 2023 through March 31, 2024. This IHA was granted for High-Resolution Geophysical Surveys using sound sources for lease area OCS-A 0541. Reporting requirements are triggered both at the end of a survey and at the closure of the IHA. Atlantic Shores filed the end of survey PSO reports on December 22, 2023 and accompanying Shapefiles on January 12, 2024. Since that filing no further Geophysical surveys have been conducted. Attached here are the same filings that were made on December 22, 2023 and January 12, 2024 to meet the IHA closure reporting requirements.

Sincerely,

Megan Hayes

Sr. Permitting Lead
